IN CASE OF EMERGENCY, YOU CAN TRIGGER AN ALERT IN THREE WAYS. YOU MAY USE ANY ONE OF THEM

- 1 Press the power button 5 times or more. Your handset will vibrate slightly, indicating your alert has been sent to our 24 x 7 Command Centre.

- 2 Press on this icon. It's colour will turn into amber and eventually green, indicating your alert has been sent to our 24 x 7 Command Centre.

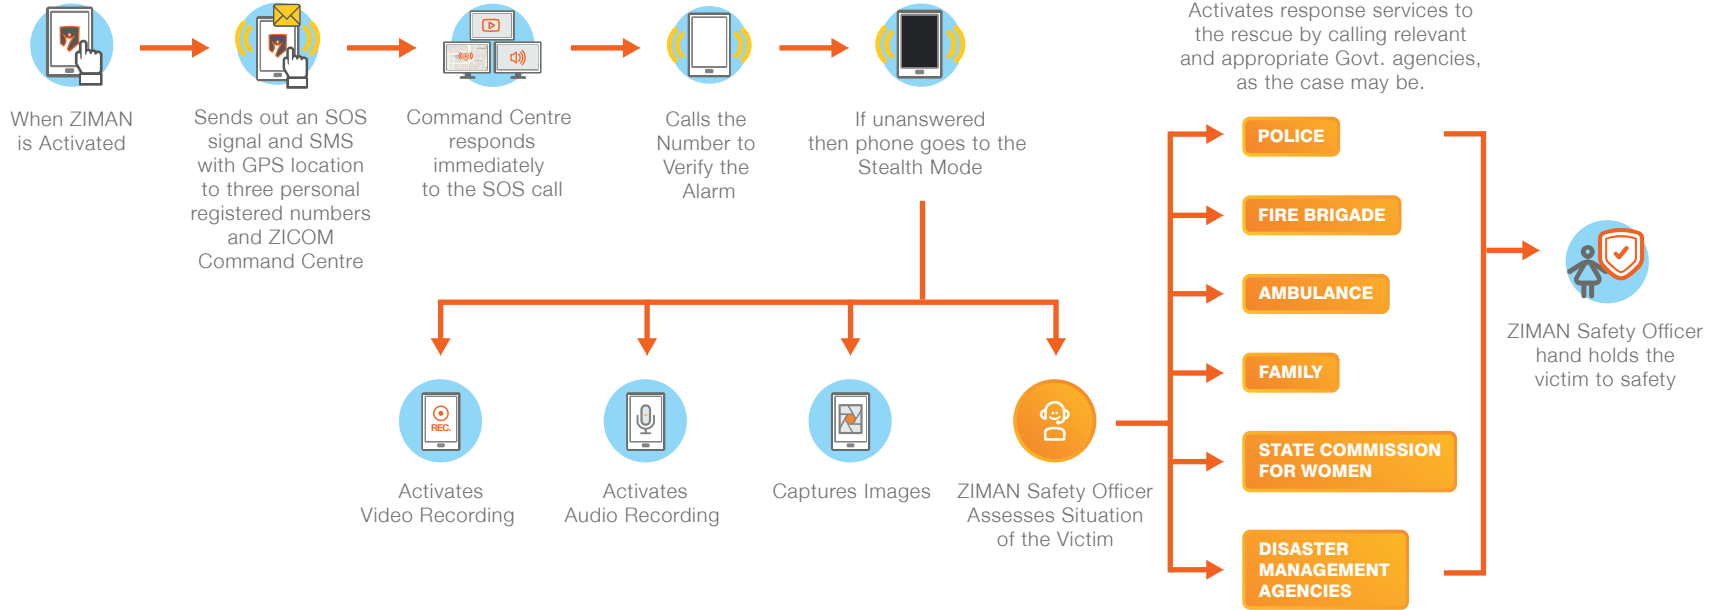

- 3 Shake your handset 2 – 3 times (left to right) to send an alert to our 24 x 7 Command Centre.

Once you trigger the alert, you will receive an emergency call from ZIMAN Safety Officer.

The ZIMAN Safety Officer will be able to facilitate you with the appropriate rescue and connect with the nearest Police Station, Fire Brigade, Ambulance service, State Commission for women or Disaster Management Agencies, as the case may be.
